Malo Crnice is a municipality in the Branicevo District in Eastern Serbia. Pozarevac is 13km away, Petrovac na Mlavi is 25km away and Belgrade 100km away. Municipality of Malo Crnice stretches in the valley of the Mlava river in the fertile valley of Stig. Pozarevac is the administrative, economic and cultural center of Serbia located on about eighty kilometers southeast of Belgrade. Placed between 3 rivers: Danube, Velika Morava and Mlava, under the "Čačalica" settlements. It's consisted of 2 urban and 24 rural settlement with about 90.000 inhabitants. You can find out more about the city and it's sights at <https://togp.rs> and <https://toomc.org>.

Zaova Monastery. It appears first in our sources in 1467. But according to the legends, it was built in the second half of the 14th century, during the reign of Prince Lazar. The origin of the Zaova Monastery is associated with a legend sung in the folk song "God owes no one anything". It is located about 15km from Pozarevac.

Viminaciu is archeological site near Kostolac, 12km away of Pozarevac. Roman military camp and city founded in the first century and lasted until seventh century. It was one of the most important legionary camps on Danube, and for a while the capital city of Roman province Upper Moesia, which included the bigger parts of Serbia, North Macedonia and parts of northwestern Bulgaria.

Silver Lake is the artificial lake on the right side of the Danube and represents its former river tributary which is today closed by two dams. It's located in the Braničevo district in eastern Serbia, two kilometers from Veliko Gradište. From Pozarevac its about 35km away.

Golubac fortress. The city of Golubac or the Fortres of Golubac is a medieval fortress, a cultural monument of exceptional importance. It is located in the Djerdap National Park , on the right side of the Danube, 4km downstream from todays settlement. It's located in high cliffs at the place where the river narrows at the very beginning of the "Djerdap" gorge.

Thermal Spa Center "Ždrelo" is located in Eastern Serbia at the foothill of Homols mountain in the valley of Mlava river. Thermal spa center "Zdrelo" is a unique aqua park in Serbia works all year round, in water temperatures are from 30 to 40 degrees. Thermal spa center Zdrelo has 9 pools (4 indoors and 5 outdoors) as well as one pool with salt water.
